Abrasive cloth, waterproof

CS 321 X

Properties

Bonding agent	Resin
Grain	SiC
Coating	Close
Backing	X-cotton

Product benefit

Produces a brilliant, glossy finish on stainless steel surfaces due to the very hard and sharp-edged silicon carbide grit - Very high aggressiveness and abrasive performance - Especially suitable for wet grinding

Materials

Mineral based materials	●
Plastic	●
Stainless steel	●

Applications

- Plastics processing industry
- Metal construction
- Medical engineering
